

Thank you for taking the time to complete this survey. Your answers will help to facilitate further discussion about the implementation of germicidal disinfectant lighting, equipment, and systems that are tailored to your project. If you find that more than one answer to a question applies to your project, please select all answers that apply.

General:

1. What has your company's experience been with germicidal lighting and other germicidal disinfectant equipment?

- None
- We've been contacted by sales professionals
- We heard about it, but haven't researched further.
- We have begun researching its' uses and effectiveness.
- We have purchased a system and begun implementation.
- Other:

2. How interested is your company in implementing Germicidal disinfectant systems in your property?

- Uninterested
- Interested but cautious
- Moderately Interested
- Very Interested
- Other:

3. What forms of Germicidal disinfectant are you interested in?

- Aerosol Disinfectant (disinfection of microbes in the air)
 - High Room (Upper Air) disinfection
 - HVAC disinfection
- Surface Disinfectant (disinfection of microbes on surfaces)
- Other:

4. What are the potential goals of using Germicidal disinfectant on your project?

SHORT TERM (0-6 months)

- Inspire guest confidence and comfort.
- Mitigation tool against SARS-CoV-2 (aka Covid-19).
- Mitigation tool against bacteria, molds, fungi, and/or yeast.
- Mitigation tool against other viruses.
- Other:

LONG TERM (more than 6 months)

- Inspire guest confidence and comfort.
- Mitigation tool against SARS-CoV-2 (aka Covid-19).
- Mitigation tool against bacteria, molds, fungi, and/or yeast.
- Mitigation tool against other viruses.
- Other:

5. Do you foresee germicidal disinfection becoming a part of the guest safety systems in your property?

- Yes
- No. If not please let us know why:
- Other:

6. Are you looking to retrofit germicidal disinfectant lighting equipment into existing locations or to implement into new construction?

- Existing Locations
- New Construction
- Other:

7. What forms of disinfectant cleaning do you anticipate using in your property?

- Germicidal Ultra-Violet/Visible Spectrum Lighting
- Electrostatic Foggers
- Cleaning Agents. Please list the agents:
- Other:

Operations:

8. What type of spaces will require Germicidal disinfectant equipment?

- Back of House - Offices
 - Back of House - Corridors
 - Back of House - Restrooms
 - Back of House - Mechanical/Electrical rooms
 - Back of House - Greenrooms / Break Areas+
 - Back of House - Other:
-
- Front of House - Lobbies
 - Front of House - Reception Counters / Point of Sales Counters
 - Front of House - Corridors
 - Front of House - Restrooms
 - Front of House - Retail
 - Front of House - Gathering Space
 - Front of House - Queue Lines
 - Front of House - Ride Vehicles
 - Front of House - Other:

9. How often do you anticipate these spaces will require disinfection? (daily, hourly, etc. If it is different for each space, please write the space next to the answers below.)

- We do not yet know.
- Once a day
- Two or three times a day
- Multiple times throughout the day
- Other:

10. What is an acceptable downtime for disinfection of a traffic area during operating hours? Please assume that the space must be unoccupied during the disinfection process.

LOW TRAFFIC

- 0 - 1 minute
- 1 - 5 minutes
- 5 - 10 minutes
- 10 - 20 minutes
- 20 - 30 minutes
- More than 30 minutes
- Other:

HIGH TRAFFIC

- 0 - 1 minute
- 1 - 5 minutes
- 5 - 10 minutes
- 10 - 20 minutes
- 20 - 30 minutes
- More than 30 minutes
- Other:

11. What is an acceptable downtime for disinfection of a meeting space during operating hours? Please assume that the space must be unoccupied during the disinfection.

- 0 - 1 minute
- 1 - 5 minutes
- 5 - 10 minutes
- 10 - 20 minutes
- 20 - 30 minutes
- More than 30 minutes
- Other:

12. Are there any potentially UV sensitive materials in the spaces on your property that require disinfection?

No.

Yes. If so please let us know which materials are present:

13. Are there any surfaces (such as glass) that permit UV transmission between spaces on your property that require disinfection?

No.

Yes. If so please let is know which surfaces are present:

14. Is a permanent installation of germicidal disinfectant lighting equipment preferred over a temporary and/or mobile system?

We prefer a permanent installation.

We prefer a temporary mobile system.

We have no preference.

Other:

15. Have you considered the potential requirements for ongoing monitoring, measuring and calibration of germicidal disinfectant lighting equipment throughout your property?

No.

Yes. If so please list the anticipated requirements:

16. Is there anything else that you would like information about or that you would like to discuss with us?
